

MELODIE CHI

melodiechi@gmail.com | www.melodiechi.com

Full-stack web developer & designer with a strong psychology background and extensive educational experience. What I contribute: lightning-quick learning speed, adaptability, voracious appetite for knowledge, sharp analytical abilities. Open to a full-time developer position with a focus on expanding and deepening skills.

HTML5
CSS3
Bootstrap 3
JavaScript (ES6)
jQuery
Firebase
Node JS

Mocha
Chai
MySQL
Sequelize
Express JS
Handlebars JS
MongoDB

Mongoose
React JS
Git
Github
Heroku
RESTful API
AJAX

EDUCATION

UCI Division of Continuing Education (2017 - 2018)
Full Stack Web Development Certificate

New York University (2012 - 2015)
New York, NY
Field of study: Psychology
GPA: 3.8

MOST RECENT APPLICATIONS

Triply (In Development) (2018) • [See it live](#) • [GitHub](#)

Lead Full-Stack Developer & UX/UI Designer

A concierge-style National Park planner for nature lovers who'd prefer to spend more time outdoors and less time planning. By bringing the information to the user, we streamline the research and organization process in order to minimize the headaches and heighten the fun.

React
CSS
Bootstrap
JavaScript
Axios/AJAX
Node JS

Express
Sequelize
National Park Service API
Hiking Project API
Google Maps API

PetRent (In Development) (2018) • [See it live](#) • [GitHub](#)

Lead Full-Stack Developer & UX/UI Designer

A "pet therapy" application designed for individuals who love pets but can't commit to adopting one. Users can create, view, update, and delete an account, search for available pets around their area, and set a playdate with them for a certain amount of time.

Handlebars
CSS
Material Design
JavaScript
jQuery
Axios/AJAX

Node JS
Express
MySQL
Sequelize
PetFinder API

Starched (In Development) (2017-18) • [See it live](#) • [GitHub](#)

Lead Full-Stack Developer & UX/UI Designer

A "style guide" app that allows users to upload images of their intended interview outfit and determines whether the outfit is interview-ready via machine-learning. Shows clothing stores near user's area via Google Maps along with a list of helpful interview resources.

HTML
CSS
Materialize
JavaScript
jQuery

Firebase
Axios/AJAX
Node JS
Vize API
Google Maps API

RELEVANT EXPERIENCE

ChiStudio (2017 - Present)
Santa Ana, CA
Full-Stack Developer | Designer

3Line Design (2015 - 2016)
Irvine, CA
Graphic Designer | Copywriter & Editor
